Dear Shin,

How are you? I was in Italy for three days on a school trip and came home two days ago. Thank you for asking about the New Year's holiday in London. It's really fun. On December 31, many people go to parties in the evening. Other people go out to restaurants. In the center of London, there is a big fireworks show at night. Lots of people stand outside to watch it. This year, I want to have a party at home with some fireworks in the garden. We will eat pizza and play games. On New Year's Day, many shops are closed for only one day in London. Most people here just relax. How is it in Japan? Can you tell me about the Japanese New Year? Write me back soon.

Mary
